Posting Information

Position Title: Designer (Front-end Web/UI/UX) **Position Type:** FTE
Position Location: Utah Co., Utah **Position Pay:** $75,000 - $82,500 DOE (S10)
Hiring Manager: Matt Hartvigsen | hr@youniquefoundation.org | 385.345.4556

Foundation Purpose
We inspire hope in women who were sexually abused as children or adolescents by providing through healing retreats, survivor communities, and online resources.

We empower parents to protect their children from sexual abuse through education and online resources.

We bring the epidemic of abuse into the light through public dialogue and social awareness.

Qualifications
We are seeking a senior designer to assist in The Younique Foundation's digital design needs. This includes designing websites, infographics, and materials for social channels, presentations, and other online applications.

Educational/Professional Requirements
- Bachelor's Degree or equivalent work experience

Experience Requirements
- 5 years in a designer role
- Strong understanding of graphic design and brand strategy
- Proficient in HTML and CSS
- Familiarity with Wordpress is a plus
- Working knowledge of Adobe Creative Suite
- Non-profit experience is a plus

Responsibilities
- Must be organized and able to balance day-to-day tasks with special projects to meet multiple deadlines
- Conceptualize designs and provides wireframes regarding arrangement, size, typography, branding, and other aesthetics
- Develop compelling user-focused experiences that align with mission objectives
- Refresh the design of The Foundation's website and create new web designs for individual marketing campaigns
- Prepare final designs for web and social media
- Help oversee creative projects that are contracted with third parties
- Give and solicit constructive feedback with fellow designers, improving design output of the team as a whole
- Contribute to and help manage assets (e.g. pattern libraries, style guides)
